- Analyzing investment manager, fund and portfolio company financial statements
- Completing in-depth market, competitor and strategy research
- Drafting investment memoranda and preparing other reports and financial analysis
- Assisting with advice analysis and report requests from clients relating to private equity
- Interacting with clients, general partners, and other industry participants

Qualifications:

- A relevant university degree in business, economics, accounting or finance
- 3-5 years' experience at an investment bank, investment management or finance oriented consulting or advisory firm

Knowledge and Skills:

- Strong communication skills (both written and oral)
- Strong analytical skills and ability to investigate and solve problems with minimal guidance
- Self-initiative, motivation and ability to improve operations
- Meticulous attention to detail
- Strong organizational and time management skills
- Ability to deliver a consistently high level of service and performance
- Ability to work in a fast-paced, dynamic and sometimes stressful environment
- Proficiency with MS Office tools, particularly MS Excel
